ARTIST PROFILE

BIO

Telemorphic brings cinematic alternative metal and rock from Green Bay, Wisconsin. Manitowoc native and former Milwaukee resident Jacob Kappus handles guitars, keyboards and programming, with Bobby Miller on vocals and bass guitar. The debut release "*Signals*" combines heavy guitars, synths, strings and melodic choruses.

TRACK TITLE: **SIGNALS**

WRITTEN & COMPOSED BY: JACOB KAPPUS

PERFORMED BY: TELEMORPHIC

LYRICS

CERTIFIED FCC CLEAN NO EXPLICIT LANGUAGE

VERSE

Self-inflicted drama queen
Stealing dreams to feed her machine
She's just waiting for
You to fight for her civil war

Self-inflated vanity
Thorny crown hides our disease
She's just looking for
You to ask for a little more

INTERLUDE

Calculated obscenities
Hearing nothing she'd repeat
She's just waiting for
You to die a little more

Kept inflated by jealousy
Selling nothing you'd receive
She's just hoping for
You to lie a little more

CHORUS

Knew it all along
Right where it all went wrong
I know I should be hiding
My signals will be lying

Knew it all along
In a crowd, I don't belong
I know I should be smiling
My signals will by lying

POST-CHORUS

I WILL BE LYING
I WILL BE HIDING
WHEN MY SIGNAL'S DYING

My signal's dying.
